

Getting free tickets through Gig Buddies

This is a guide to help you and your buddy get free tickets to gigs in Sussex

How to get free tickets?

Members of Gig Buddies sometimes have the opportunity to go to certain gigs for free in Sussex.

We can provide ONE pair of Gig Buddies with free tickets per gig.

We will give the tickets to the first person who asks us for them.

You can look up what gigs are on using the internet with your gig buddy or a support worker if you need help.

See where to look on the next 2 pages.

To book the free tickets please ring the Gig Buddies office or send an email to your area's project worker. It is never guaranteed that you will get tickets.

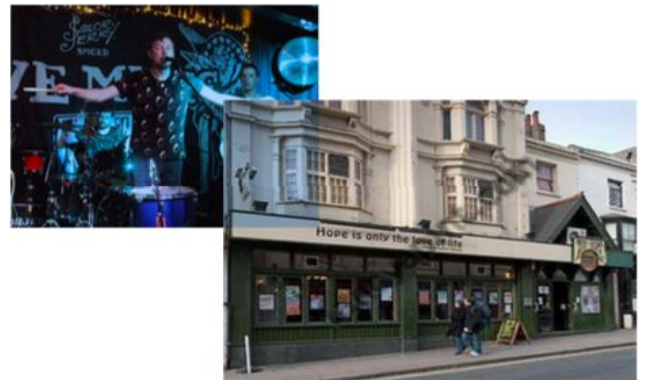

So what events are free for Gig Buddies?

These venues offer a pair of free tickets for Gig Buddies to every show they put on. Look on their websites to find out what gigs are on:
